The Bill in Abstract to Prepared By the Committee As Predicted, It Is a Radient Steamere.

Washington, Nor. 28.—The new democratic tariff bill was given out to the public and its provisions fulfil every expectation of those who have predicted that it would be a radical measure of the reform seasure of the reform.

The free list is of the liberal scope flicient to satify the most radical ac of the principle of reciprocity, which has been the pride of the republicans and the bete nair of the democrats for

high and laxuries low, and puts laxnries at the high rate and necessities at the low rate. It is absolutely free from sectionalism and favoritism.

Every industry and every section is the control of the course Every industry and every section is being treated with fairness. No duty has been reduced so low at to seriously interfere with the wholesome development of our manufacturers, giving no occasion for the closing of a single industry."

The following statement was made. advanced in manufacture; blue viriol or sulphate of copper; bone char, sulfa-ble for use in decoloring sugars; coal, bitumious and shale, and coal, slack or enim; coke; coal tar, crude and all preparations and products of coal tar not colors or dies, not specially provided for in this act; exide of cobalt. Copper imported in the form of cres; old cofrom new copper, and all compositi metal of which copper is a compone material of chief value not specially provided for in this act; regulus of cop per and black or coarse copper and copper cement; copper in plates, bars, Mr. Benton McMillan, of Teanesses, one of the most prominent members of the committee, said: "The democratic party has fought the light for fariff reform for a quarter of a century, often haffled, often defeated. It has after the feet to be pulled out a revolver. Cora, the wife to be pulled out a revolver. Cora, with or without buckels, for builting mayed by political danger, and renewed the fight.
